Performance Pledge

Operations Wing (999 Emergency Calls)

This leaflet tells you about certain standards of 999 emergency call service as set down by the Operations Wing of the Hong Kong Police Force (HKPF). It also tells you the steps you can take if you want to seek explanations or make comments on the service you receive.

Service Delivered

This performance pledge covers the following:

- answering 999 telephone calls; and
- response to emergency 999 telephone calls.

Performance Standards

Answering 999 telephone calls

- HKPF strives to answer all 999 calls within nine seconds.

Response to emergency 999 calls

- HKPF strives to respond to all genuine emergency 999 calls within an average response time of nine minutes in Hong Kong and Kowloon and 15 minutes in the New Territories.
- The response time is measured from the time a report is received at the Regional Command and Control Centre 999 console until police officers arrive at the scene.

Effective Monitoring

The Police Force will monitor these standards internally.

Service Environment

The Police Force aims to provide a timely and efficient service for 999 callers 24 hours a day.
