序言 Foreword

警务处处长

Commissioner of Police

周一鸣

CHOW Yat-ming

过去一年，我与团队贯彻落实我在上任时提出的三大工作重点，包括维护国家安全、推动智慧警政及巩固团队文化，践行警队「忠诚勇毅 心系社会」的承诺。

二零二五年本港整体罪案数字为89 137宗，较二零二四年下跌5.9%，绝大部分主要罪案均录得跌幅，其中行劫和爆窃更是有纪录以来新低；而在警方持续采取多管齐下的预防及打击策略后，诈骗案数字更是自二零一九年以来首次下跌。

社会稳定的局面与良好的治安环境均得来不易。除了依靠警队所有同事尽忠职守，竭诚服务市民外，更重要的是警民同心同行，一起守护香港这个家。

Over the past year, my team and I have fully implemented the three major priorities I established upon assuming office, namely safeguarding national security, promoting smart policing and strengthening team culture, in fulfilment of the Force's pledge, 'Serving Hong Kong with Honour, Duty and Loyalty'.

In 2025, a total of 89,137 crimes were recorded, representing a decrease of 5.9% when compared with 2024. The vast majority of major crimes saw declines, with robbery and burglary reaching historic lows. With the Police's continued implementation of a multi-pronged strategy to prevent and combat fraudulent activities, the number of deception cases recorded its first drop since 2019.

Social stability and a secure, orderly environment are hard-earned achievements. In addition to all Force members performing their duties faithfully and serving the public with dedication, it is even more important for the Force and the community to advance together in solidarity to safeguard Hong Kong, our home.

国家安全 警民同心

国家安全是社会稳步发展的前提，亦是市民安居乐业的重要基石。现时社会看似平静，实则暗流涌动，国安风险不容忽视。

作为维护国安的中坚力量，警队每一员必须将使命内化于心，把责任外化于行。二零二五年，警队将「维护国家安全」及「爱国爱港」分别纳入警队目标及价值观，并将继续将「维护国家安全」定于警队《策略方针2025-2027》及「警务处处长首要行动项目」的首位，确保警队不同岗位的同袍认清维护国安是共同使命。警队将持续提升相关工作的敏感度与能力，时刻居安思危，齐心协力，识别及严防一切潜在的国安风险，决不容许任何破坏香港稳定的苗头生根。

Safeguarding National Security, Police and Community in Solidarity

National security is the prerequisite for steady social development and the cornerstone for people to live and work happily. While the society may appear calm on the surface, underlying currents persist, and the threats to national security must not be overlooked.

As the backbone of safeguarding national security, every member of the Force must internalise the belief in their hearts and externalise the responsibility through action. In 2025, the Force incorporated 'Safeguarding national security' and 'Patriotism with affection for our country and Hong Kong' into the Force's common purpose and values, and continued to prioritise 'Safeguarding national security' at the forefront of the Force's Strategic Directions 2025-2027 and the Commissioner's Operational Priorities. This ensures colleagues in different roles clearly recognise that safeguarding national security is a collective mission. Force members will continuously enhance their sensitivity and capability in related work, remain vigilant in times of peace, and work in concerted efforts to identify and guard against any potential national security threats, leaving no room for any signs of undermining Hong Kong's stability to take root.

年内，个别重大国安案件审结，法庭将被告定罪，并作出具阻吓性的判决。这不仅向公众揭露卖国乱港分子的卑劣阴谋，同时显示出肩负艰巨调查工作的相关团队竭诚尽忠，具备守护国安的专业能力。

During the year, several major national security cases concluded. The court convicted the defendants and handed down deterrent sentences. This not only exposed to the public the despicable intentions of those seeking to betray the nation and destabilise Hong Kong, but also demonstrated the dedication of the teams entrusted with the arduous investigative work, and their professional capability in safeguarding national security.

捍卫国安不能单靠警队力量，市民自觉履行责任亦非常重要。为此，警队致力推动国安宣传教育，包括透过多元化活动，提升青少年的国民身分认同，并让大众明白国家安全与日常生活息息相关，从而深化「国家安全，人人有责」的意识，营造全民参与的社会氛围。同时，这有助提升大众自身免疫力，免被危害国安的不法分子利用或遭其散播的资讯所荼毒。

Safeguarding national security cannot rest on the Force alone. The public's proactive commitment to fulfilling the responsibility is equally important. To this end, the Force is dedicated to promoting national security education through a wide range of activities, aiming to enhance young people's sense of national identity and help the public understand the close relationship between national security and their daily lives, thereby strengthening the awareness that safeguarding national security is a shared responsibility, and fostering a society with wide public participation. These efforts also fortify the society against manipulation by agitators seeking to undermine national security and the harmful information they spread.

智慧警政 护港便民

现今世界瞬息万变，科技发展一日千里，社会对警队的期望日益提高。因此，警队必须与时并进，积极推动智慧警政，善用科技提升行动及执法效能。这不但配合《施政报告》推动人工智能和香港智慧城市发展的政策，亦令警队资源运用事半功倍，务求为市民提供更优质、便捷的服务。

二零二五年，警队推展约30项智慧警政项目及便民服务，当中「锐眼计划」已完成安装约5 000支镜头，达成首阶段目标。计划大大提升警队侦查罪案的效能，有不少涉及凶杀、抢劫等严重罪行的案件，都能在短时间甚或数小时内破案，成效卓著，有助加强社会整体安全感及提升市民对警队的信心。

Smart Policing for a Safer Hong Kong, Delivering Greater Public Convenience

In today's fast-changing world where technology is making rapid strides, public expectations of the Force have increased progressively. The Force must therefore keep pace with the times, proactively promote smart policing, and leverage technology to enhance operational and law enforcement effectiveness. These efforts not only support the policies of promoting artificial intelligence (AI) and Hong Kong's smart city development as set out in the Policy Address, but also enable more efficient use of the Force's resources, with a view to providing the public with better and more convenient services.

In 2025, the Force advanced around 30 smart policing initiatives and services for public convenience. Among them, the installation of approximately 5,000 cameras under the SmartView project has been completed, achieving the first-phase target. The project significantly enhanced the Force's capability in crime detection. In a number of cases involving serious offences such as homicide and robbery, offenders were identified and apprehended within a short period, sometimes within hours, demonstrating remarkable results. The initiative has helped strengthen the overall sense of security in the society and bolster public confidence in the Force.

警队亦与本地大学合作，在经常出现严重交通挤塞的特定商贸区，运用人工智能实时收集及分析车流及车速数据，并配合运输署调整交通灯号，令有关繁忙路段行车时间最多减半，以纾缓挤塞问题，优化市民出行体验，而相关警区亦能大幅节省交通管理人手。

在便民措施方面，警队于年内推出全新香港警察流动应用程序，市民只需一次登入，便能使用逾50项警队电子服务。程式同时加入聊天机械人「YesSir」，快速回应市民查询。警队亦在多间警署及港铁转车站等地方增设自助服务机，以便市民自行报失财物。推出有关项目，正因为警队急市民所急，务求在市民有需要时，尽快为他们提供更方便、可靠的服务。

另外，屡获国际殊荣、专为行山及户外活动人士而设的紧急救援应用程序HKSOS持续优化功能，以缩短搜救时间。截至二零二五年底的两年间，已成功协助近300人脱险。另外，下载量于年内突破115万的「防骗视伏App」亦全面升级，包括自动更新数据库及利用人工智能即时分析和发出诈骗预警。功能提升后，公众举报及搜寻可疑讯息的数量显著上升。

一系列崭新的智慧警政方案，不仅展现警队同事识变求变、敢想敢做的精神，同时凸显警队工作以民为本，致力确保服务切合公众需求。

团结一致 并肩前行

警队拥有超过181年的悠久历史，积累了许多优良传统和文化。团队精神是警队的核心价值之一，也是赖以克服种种挑战、完成各类任务的重要依靠。因此，警队必须不断巩固团队文化，继续为社会提供优质的警政服务。

The Force also partnered with a local university to apply AI to collect and analyse real-time data of traffic flow and vehicle speed in designated commercial areas prone to frequent severe congestion. By working with the Transport Department to suitably adjust traffic signals, the travel times on busy road sections have been reduced by up to half, thereby alleviating traffic congestion, enhancing the commuting experience for the public, and significantly reducing the manpower required for traffic management in the relevant police districts.

In terms of service enhancement initiatives, the Force launched the brand new Hong Kong Police mobile application during the year. With a single login, users can access more than 50 police e-services. The application also features a chatbot 'YesSir' responding promptly to public enquiries. Furthermore, the Force has installed self-service kiosks at various police stations and MTR interchange stations to facilitate the reporting of lost property. These initiatives reflect the Force's commitment to addressing public needs promptly and providing more convenient and reliable services.

In addition, the internationally recognised HKSOS emergency rescue mobile application, designed for hikers and people engaging in outdoor activities, has been further enhanced to shorten search and rescue time. In the two years up to the end of 2025, it had assisted nearly 300 persons in distress. On the other hand, the Scameter+ mobile application, which surpassed 1.15 million downloads during the year, has also been fully upgraded, with new functions such as automatic database updates, real-time AI analysis and alerts on fraudulent activities. Following the upgrade, public reports and searches for suspicious messages increased noticeably.

The series of innovative smart policing initiatives not only demonstrates the spirit of embracing change and pursuing innovation among colleagues of the Force, but also underscores the Force's people-oriented approach and commitment to delivering services that meet public needs.

One Force, Advancing Side by Side

With more than 181 years of long-standing history, the Force has cultivated many fine traditions and culture values. Teamwork, being one of the core values of the Force, serves as a vital foundation for overcoming challenges and accomplishing all kinds of missions. As such, the Force must uphold its team culture in order to continue the delivery of quality policing services to the community.

年内多项全港大型盛事和活动相继安全有序举行，包括香港新地标启德体育园开幕及随后的国际和本地体育娱乐盛事、中华人民共和国第十五届运动会和第十二届残疾人运动会暨第九届特殊奥林匹克运动会、二零二五年立法会换届选举等。面对繁重的筹备工作和严密的行动部署，警队各部门同事坚守岗位，上下同心，无分你我，更积极与其他政府部门及社会相关持份者合作，将极具挑战的任务一一完成，体现警队一往无前的决心。

During the year, a number of major territory-wide events and activities were held in a safe and orderly manner, including the opening of Hong Kong's new landmark—Kai Tak Sports Park, and the international and local sports and entertainment mega events that followed; the 15th National Games, the 12th National Games for Persons with Disabilities and the 9th National Special Olympic Games of the People's Republic of China; and the 2025 Legislative Council General Election. Despite the tremendous amount of preparation work and rigorous operational deployments, members across all units of the Force remained steadfast and united. They proactively collaborated with other government departments and relevant stakeholders in the community to accomplish each and every extremely challenging task, demonstrating the Force's unwavering determination to move forward.

在社会面临危难的时候，警务人员永远站在最前线，以专业态度和无比勇气默默守护市民，当中包括应对闹市发现巨型战时炸弹、超强台风袭港等事故。不同岗位的同事各司其职，无惧恶劣危险的环境，救急扶危，展现果敢坚毅和精诚团结的精神，顺利解除危机，使市面运作和市民生活得以迅速复常。

When the society faces adversity, police officers always stand at the forefront, safeguarding the public with professionalism and profound courage. Whether handling the disposal of a giant wartime bomb in the city centre or responding to incidents such as the strike of a super typhoon, colleagues in different roles performed their duties diligently and, undaunted by harsh and dangerous conditions, rendered critical and emergency care to those in distress. They displayed the spirit of dedication, courage and wholehearted cohesion, resolving these crises smoothly and allowing the city and people's daily lives to quickly return to normality.

二零二五年本港发生令人痛心的世纪火灾，警队的灾难受害者辨认组、伤亡查询中心，以及军装和刑侦单位等人员，连日在极具挑战的环境下，抵抗心理冲击及沉重压力，竭力进行遗体辨认、追查失踪人士、保存证据等工作，务求让遇害者家属及早得知亲人下落，并希望协助追查事故成因，还遇难者和受影响市民一个公道。

In 2025, Hong Kong experienced a disastrous fire. The Police Disaster Victim Identification Unit, the Casualty Enquiry Unit, together with other uniformed and crime units, worked tirelessly for days under extremely challenging conditions, enduring psychological strain and immense pressure. They spared no effort in identifying the bodies, tracing missing persons, preserving evidence and so on, in the hope of enabling the bereaved families to learn the whereabouts of their loved ones as soon as possible, and uncovering the cause of the incident to seek justice for the deceased and all those who were affected.

经过长年累月的严峻考验，警队同事更加团结齐心，坚定实践贡献社群的抱负。要有效传承这份优良的团队文化及深化同事的归属感，警队一直为人员提供多元化的本地、中国内地及海外培训和发展机会，以扩阔他们的视野，提升专业自豪感。

Challenges over the years have made colleagues of the Force more united and resolute in pursuing their commitment to serving the community. To effectively pass on this excellent team culture and deepen colleagues' sense of belonging, the Force has all along provided diversified training and development opportunities locally, in the Chinese Mainland and overseas to broaden their horizons and enhance their professional pride.

警队亦继续促进与全球执法机构的深度合作，发挥香港作为国家与世界各地之间的「超级联系人」角色，以促进内联外通的独特优势，同时透过推动不同范畴的合作，向海内外执法机关和其他机构展现警队的正面形象及专业实力，以巩固香港警队这个「Asia's Finest」、让同事引以为傲的品牌。

The Force continues to deepen its cooperation with law enforcement agencies worldwide, fulfilling Hong Kong's role as a 'super connector' by leveraging its unique advantages in connecting our country with the world. Through advancing collaboration across diverse fields, the Force has projected a positive image and demonstrated professional strengths to law enforcement agencies and other organisations around the world, thereby reinforcing the Hong Kong Police Force's brand as being 'Asia's Finest', in which our colleagues take great pride.

继往开来 专业精进

总结二零二五年，警队在多方面均取得丰硕的成果。警队全体人员，包括正规、文职及辅警同事，为国家及社会安定繁荣所作的无私奉献，市民有目共睹。未来，警队会继续齐心协力、砥砺前行，不论面对任何挑战，都以「One Force」的团结力量前行，并会因时制宜，精益求精，秉持「忠诚勇毅 心系社会」的座右铭，与市民携手守护香港这个家。

展望二零二六年，警队肩负国家重任，在港举办国际刑警组织第94届全体大会。警队必定全力以赴办好这项大型国际盛事，深化全球警务合作，并借此向世界说好中国故事、香港故事和香港警队的故事。

Bridging Past and Future, Pursuing Professional Excellence

In review, 2025 was a year of fruitful achievements for the Force across multiple fronts. The selfless contributions made by all Force members, including regular, civilian and auxiliary colleagues, towards the stability and prosperity of the nation and society have been widely recognised. Looking ahead, the Force will continue to work together and forge ahead with perseverance. Regardless of the challenges that lie ahead, we will continue to advance as 'One Force', suitably adjust to align with social development and dedicate to continuous improvement. By upholding the motto, 'Serving Hong Kong with Honour, Duty and Loyalty', the Force will work hand in hand with the public to safeguard Hong Kong, our home.

In 2026, the Force will host the 94th INTERPOL General Assembly in Hong Kong, a task of great national significance. We will make every effort to ensure the success of this major international event, strengthen global policing cooperation, and take the opportunity to present to the world the good stories of our country, Hong Kong and the Hong Kong Police Force.

The Bureau also planned and executed targeted operations, including SKYCASTLE, FIREDAN, CUTWEED and STRANGEFACE, to combat triad societies and highly organised crime syndicates. By deploying undercover and decoy officers to infiltrate and gather evidence of drug trafficking, illegal gambling and prostitution activities run by several triad societies, multiple premises were raided and neutralised, including private clubs, drug divans, bars, illegal gambling establishments and massage parlours. A total of 428 persons were arrested. Narcotics

The Narcotics Bureau is committed to combating drug trafficking activities and interdicting the flow of illicit drugs into Hong Kong through close partnerships with stakeholders and law enforcement agencies. The Bureau also promotes anti-drug awareness among the public through various preventive education and publicity campaigns featuring the anti-drug mascot Mighty Cat.

Intelligence-led law enforcement operations throughout the year detected 138 cases, resulting in 219 arrests and the seizure of approximately 4.19 tonnes of drugs. In response to an upsurge in drug trafficking cases involving inbound air passengers, an anti-narcotics operation codenamed BOLDHIT was jointly mounted with the Customs and Excise Department and multiple Chinese Mainland and overseas law enforcement agencies, resulting in 96 arrests and the seizure of approximately 1.2 tonnes of various drugs.

针对打击贩卖依托咪酯的情况，尤其是利用互联网及社交媒体贩毒，该科于年内展开「沙鸥」及「策应」行动，共拘捕276人，检获720公斤毒品，包括24公升液态依托咪酯、4 924枚依托咪酯烟弹及45公斤大麻，总值达四亿元，82个社交媒体帐户须下架。为加强对依托咪酯的执法成效，警方由一月起使用依托咪酯快速检测试纸，前线人员可即场为可疑人士进行快速检测。截至二零二五年年底，透过使用快速检测试纸，警方共拘捕146人。

二零二五年，禁毒领袖学院踏入第四届，延续首三届的成果，招募100名中学生及大学生成为学员，并针对依托咪酯的最新趋势强化培训内容。九月至十月，学员分成小队于20间所属中学举办校园抗毒活动，包括联校参观访问戒毒服务设施，以及设计和制作模拟毒后驾驶感官体验的混合实境项目，向师生传递禁毒信息。其中一队学员制作的禁毒微电影更入围国际影展，唤起本地及海外观众对毒品问题的关注。年内，学员向逾51 000名市民传递禁毒信息。十月，该科与商罪科、网罪科、财富情报及调查科和家庭冲突及性暴力政策组，在西九文化区联合举办一连两日的「灭罪精英运动会2025」，近百名学员参与设置20个禁毒互动游戏摊位，向公众讲解依托咪酯的祸害。

To combat etomidate trafficking, particularly through the internet and social media, the Bureau launched Operations AMBERFLOCK and REPLYPLAN during the year. These operations led to the arrest of 276 persons and the seizure of 720 kilograms of illicit drugs, including 24 litres of liquid etomidate, 4,924 etomidate cartridges and 45 kilograms of cannabis with the total value reaching \$400 million. Moreover, 82 social media accounts were taken down. To enhance enforcement efforts against etomidate, the Force introduced the Etomidate Rapid Test Kits in January, enabling frontline officers to conduct on-site rapid tests on suspicious persons. By the end of 2025, 146 persons had been arrested through the use of these kits.

Building on the achievements of the previous three cohorts, the Leadership Institute on Narcotics (L.I.O.N.) entered its fourth cohort in 2025, recruiting 100 secondary school and university students as mentees and providing them with enhanced training in light of the latest trend of etomidate. Between September and October, the mentees were divided into small teams and organised on-campus anti-drug campaigns at 20 secondary schools, including joint visits to drug rehabilitation facilities, as well as creating a mixed reality simulation that replicated the sensory effects of drug-driving in order to convey anti-drug messages to their peers and teachers. Notably, an anti-drug micro-movie produced by one of the teams was shortlisted for an international film festival, drawing local and overseas attention to drug-related issues. During the year, the mentees disseminated anti-drug messages to over 51,000 members of the public. In October, the Bureau co-organised the two-day Anti-Crime Elite Games 2025 at the West Kowloon Cultural District with the CCB, the CSTCB, the Financial Intelligence and Investigation Bureau, and the Family Conflict and Sexual Violence Policy Unit. Nearly 100 mentees joined and set up 20 anti-drug interactive game booths to educate the public on the dangers of etomidate.

Financial Intelligence and Investigation

In 2025, deception cases remained high while related ML activities continued to rise. The use of virtual assets and stooge accounts for ML became increasingly prevalent.

财富情报及调查科由其总部与财富调查组和联合财富情报组组成，致力采取积极、全方位的策略，加强警队打击洗钱及恐怖分子资金筹集的能力，以应对挑战。

财富调查组专责进行财富调查及向洗黑钱团伙追讨资产。年内，共923人因洗黑钱被定罪，被限制和没收的资产分别约为2.61亿元及1.25亿元。该组与中国内地及新加坡执法机构进行三次联合行动，瓦解三个跨境洗黑钱团伙，共拘捕44人。

联合财富情报组致力与本地、中国内地及海外机构加强合作，交换财富情报，打击洗钱及恐怖分子资金筹集活动。年内，该组共处理和分析190 636份可疑交易报告，按年增加29.1%。

该组与香港金融管理局及香港银行公会推出财富情报交换平台，让参与银行交换怀疑与金融罪行相关的企业客户资料，从而更有效侦测和制止诈骗活动及傀儡户口网络。二零二五年，该平台已有10家银行参与，并将继续扩展至更多银行。随着《2025年银行业（修订）条例草案》生效，平台已于十二月新增支援个人资料等数据的处理功能，让金融业界可根据相关条例在平台交换可疑帐户的个人客户资料，便利银行尽早识别可疑帐户。

一月，财富情报及调查科推出交易数据分析系统，有助调查人员更高效地分析资金流向和关联网络。系统将于二零二五年至二零二七年分阶段整合，配合人工智能，拓展数据互联互通。

The Financial Intelligence and Investigation Bureau (FIIB), comprising its Headquarters, the Financial Investigation Division, and the Joint Financial Intelligence Unit (JFIU), adopts a proactive and comprehensive approach to strengthen the Force's capabilities on anti-money laundering (AML) and counter-financing of terrorism (CFT) in the face of these challenges.

The Financial Investigation Division is responsible for conducting financial investigations and recovering assets from ML syndicates. During the year, 923 persons were convicted of ML, with approximately \$261 million and \$125 million in assets restrained and confiscated respectively. The Division conducted three joint operations with Chinese Mainland and Singapore law enforcement agencies, dismantling three cross-border ML syndicates and arresting 44 persons.

The JFIU is committed to enhancing cooperation with local, Chinese Mainland and overseas agencies to exchange financial intelligence for combating ML and terrorist financing activities. During the year, the JFIU processed and analysed 190,636 suspicious transaction reports, representing a year-on-year increase of 29.1%.

The Division, together with the Hong Kong Monetary Authority and the Hong Kong Association of Banks, launched the Financial Intelligence Evaluation Sharing Tool, a platform that enables participating banks to exchange information on corporate customers suspected of involvement in financial crimes, thereby detecting and disrupting fraud and stooge account networks more effectively. As of 2025, 10 banks have joined the platform, with plans for further expansion to include more banks. Following the commencement of the Banking (Amendment) Bill 2025, a new data processing function, including the handling of personal data, was introduced to the platform in December. This allows the financial industry to exchange data of individual customers with suspicious accounts according to the relevant legislation and facilitates earlier identification of suspicious accounts by banks.

In January, the FIIB launched the Transaction Analytics System, enabling investigators to analyse fund flows and network connections more efficiently. The system will undergo phased integration from 2025 to 2027, incorporating artificial intelligence to expand data connectivity.

国家安全

National Security

国家安全是头等大事，而维护国家安全亦是「警务处处长首要行动项目」和警队策略方针之一。《香港国安法》及《维护国家安全条例》相继实施，署理行政长官会同行政会议亦于二零二五年五月通过根据《维护国家安全条例》订立的附属法例，进一步完善香港特别行政区维护国家安全的法律制度和执行机制。警务处国家安全处（国安处）全力支持政府的相关工作，持续审视本地及国际形势并作出相应部署，积极与各持份者保持紧密沟通与合作，加强市民自觉维护国家安全和守法意识，巩固维护国家安全的护城墙。

National security is a top priority, and safeguarding national security falls within the Commissioner's Operational Priorities, as well as the Force's Strategic Directions. The National Security Law (NSL) and the Safeguarding National Security Ordinance (SNSO) have been implemented successively, and the Acting Chief Executive in Council approved the subsidiary legislation made under the SNSO in May 2025 to further improve the legal system and enforcement mechanisms for safeguarding national security in the Hong Kong Special Administrative Region. The National Security Department (NSD) of the Hong Kong Police Force fully supports the work of the Government in this regard. It continuously monitors local and global situations and makes corresponding deployment, and also maintains close communication and cooperation with all stakeholders proactively to enhance public awareness of safeguarding national security of their own accord and abiding by the law, thereby fortifying the defence of national security.

国安卫士 不负所托

有法必依 违法必究

国安处自二零二零年七月成立至二零二五年年底，共拘捕385人涉嫌干犯危害国家安全罪行，当中约六成已被检控。

首宗勾结外国势力罪的案件于二零二五年审结，所有被告人及公司全部控罪罪名成立。案件自二零二三年十二月开审，法庭经过156天公开聆讯，详细审视多达2 220项证物、超过80 000页文件和14名控方证人的证供，最后裁定所有被告全部罪名成立，成为首宗勾结外国势力罪的定罪案件。法庭颁下的裁决书长达855页，对法律原则和证据的分析公开透明，彰显法律公义，维护香港的核心价值。

Guardians of National Security Live up to Society's Trust

Despite facing malicious attacks and suppression by external forces, the Force remains fearless and steadfast in fulfilling its duties, taking an active role in the making and implementation of the national security-related laws. The NSD is responsible for investigating offences endangering national security and enforcing national security-related laws. It also fosters cross-departmental collaboration with other stakeholders to combat activities endangering national security.

Laws Must Be Observed and Lawbreakers Be Held Accountable

Since its establishment in July 2020 up to the end of 2025, the NSD arrested a total of 385 individuals suspected of committing offences endangering national security, with approximately 60% prosecuted.

The first case involving the offence of collusion with foreign forces was concluded in 2025, with all defendants, both individual and corporate, found guilty on all charges. The public hearing commenced in December 2023 and lasted 156 days, and the court carefully considered the evidence of up to 2,220 exhibits, over 80,000 pages of documents and the statements of evidence from 14 prosecution witnesses. All defendants were eventually convicted on all charges, marking the first conviction for the offence of collusion with foreign forces. In its 855-page verdict, the court provided an open and transparent analysis of the legal principles and evidence involved, upholding justice and safeguarding the core values of Hong Kong.

持续优化 专业团队

要维护高水平安全，警队须以总体国家安全观强化内部制度，以底线思维做好各种防御准备和预案。警队透过一系列内部培训课程，包括新入职培训、各级指挥课程、刑事侦缉训练课程、专题讲座和网上学习，全方位加强前线警务人员对相关法例的认识，提升警队上下的国安意识。

因应保安局于二零二五年九月推出《政府人员维护国家安全工作指引》，国安处举办大型简报会，并将指引相关内容纳入警队训练日教材，以协助前线人员加深了解在维护国家安全方面的责任和义务。

Professional Team Makes Continuous Improvement

To maintain a high level of security, it is essential to enhance the Force's internal system through a holistic approach to national security, and adopt a bottom-line mindset in making preparations and contingency plans for all kinds of defence. The Force has comprehensively strengthened frontline officers' understanding of the relevant legislation through a series of internal training programmes, including new recruit training, command courses at all levels, criminal investigation training courses, thematic seminars and online learning, elevating national security awareness among all ranks.

In response to the *Working Guidelines for Government Officers on Safeguarding National Security* introduced by the Security Bureau in September 2025, the NSD organised large-scale briefing sessions and incorporated the relevant contents of the guidelines into the Force's training day packages, helping frontline officers deepen their understanding of the responsibilities and obligations in safeguarding national security.

携手同心 维护国安

在地缘政治挑战的持续威胁下，外部势力不断抹黑香港，煽动市民对政府不满，意图阻碍国家和香港发展。巩固维护国家安全的屏障需要广大市民共同参与，为此，国安处举报热线于二零二零年十一月开始运作，方便市民透过短讯、微信及电邮提供国安相关资料。截至二零二五年年底，热线累计接获逾110万个讯息，为维护国家安全工作作出重大贡献。

Together, We Safeguard National Security

Geopolitical challenges remain an ongoing threat to us as external forces continue to smear Hong Kong, inciting public discontent against the Government in an attempt to impede the development of both the country and Hong Kong. The consolidation of the barrier for safeguarding national security needs the participation of the general public. To this end, the NSD has operated a hotline since November 2020 to facilitate public reporting of national security-related information via SMS, WeChat and email. By the end of 2025, it had received more than 1.1 million tip-offs, making substantial contributions to the safeguarding of national security.

在国安教育方面，国安处年内与警队单位、其他纪律部队和相关持份者举办不同活动，包括「NSpeed国安快递」宣传车、「NStory国安知多啲」短视频创作比赛，以及香港花卉展览「播下小绿芽 根深护国家」活动，让不同年龄层的市民以互动方式认识国安。十月下旬，国安处联同资讯系统和网络安全及科技罪案调查科举办「护国将军·科技游戏嘉年华」展览，融合国安教育和资讯科技，提高市民维护国家安全的意识。

为进一步推广国家安全，国安处定期在官方微信帐号分享国安相关的最新资讯。展望来年，国安教育将继续走进校园、联动社区，让社会各界包括未来主人翁明白国家安全与生活息息相关，携手同心，共同维护国家安全。

In late October, the NSD, in collaboration with the Information Systems Wing and the Cyber Security and Technology Crime Bureau, organised an exhibition entitled Guardian of the Nation Technology Carnival, integrating national security education with information technology to enhance public awareness of safeguarding national security.

To further promote national security, the NSD regularly disseminates the latest national security-related information through its official WeChat account. In the coming year, national security education will continue to reach out to schools and the wider community, with the aim of enabling all sectors of the society, including our future leaders, to understand the integral relationship between national security and everyday life, and fostering concerted efforts to safeguard national security.

Information Systems Wing

To enhance service quality and efficiency, the Information Systems Wing introduced and optimised various mobile applications and innovative digital policing initiatives in 2025, with particular focus on, as advocated in the Chief Executive's 2025 Policy Address, promoting the development of artificial intelligence and smart city, while facilitating case reporting and the use of electronic services by citizens.

In August, the Force launched the brand new Hong Kong Police mobile application, which provides over 50 e-services. Driven by technological innovation, the mobile application has effectively streamlined frontline operations of the Force, ensured public safety and enhanced service quality, enabling users to access information relating to the Force more conveniently.

In the same month, the Force rolled out the smart patrol system iPatrol, in which electronic visiting points were introduced to replace the previous handwritten patrol logs. Patrol officers can complete check-in through mobile phones at physical and virtual patrol points. They can also annotate intelligence on digital maps and share with other officers immediately to enhance collaboration effectiveness. Additionally, the brand new digital solution iCarOB supports the operational deployment of police constables with digital maps and tablets, strengthening the Force's overall operational efficiency and fully advancing the development of digital policing.

During the year, the Force expanded its self-service kiosks to 30 units, deployed at the report rooms of multiple police stations and various public locations, including the Kai Tak Sports Park, MTR Tseung Kwan O and Tai Wai Stations. In August, the system interface was fully upgraded, including the addition of voice input function to facilitate the reporting of lost property and handling of non-emergency cases by the public and visitors via e-service, thereby optimising the reporting process and enhancing user experience.

为展现第十轮实践价值观工作坊主题「警察·好·警察」所提倡的专业精神中的三个重要元素——同理心、敏感度及尊重，警队推出《下一个主角就是你》系列影片，取材自市民表扬警队人员的感谢信，以真实故事提升人员对日常警务工作的认知及实践警队价值观。第十一轮实践价值观工作坊的筹备工作已经展开，将以新增的警队价值观「爱国爱港」为主题。

To embody the three key elements of professionalism, namely empathy, sensitivity and respect, as advocated in Living-the-Values Workshops Wave X under the theme 'Your Actions Count', the Force launched a video series titled *You can be the next Protagonist*. The stories are drawn from appreciation letters commending police officers from members of the public, enhancing officers' awareness of daily police work and encouraging them to practice Force values through real stories. Preparations for Living-the-Values Workshops Wave XI have commenced, with the newly added Force value 'Patriotism with affection for our country and Hong Kong' as the theme.

「警队服务满意程度调查」、「公众意见调查」及「员工意见调查」是收集公众及员工对警队服务水平意见的有效工具，调查结果将作为策略规划及第十一轮实践价值观工作坊的参考资料，亦是警队追求卓越以持续提升服务质素的重要指标。

The Police Service Satisfaction Survey, the Public Opinion Survey and the Staff Opinion Survey are effective tools for gathering feedback from both the public and the staff on police service standards. The survey findings, which will serve as reference materials for strategic planning and Living-the-Values Workshops Wave XI, are also key indicators in the Force's pursuit of excellence for continuous service quality enhancement.

投诉及内部调查科

在法定的两层处理投诉警察机制下，投诉警察课处理公众对警队成员的投诉，并与独立监察警方处理投诉委员会（监警会）合作履行其法定职能，以提升警队的服务质素。

Complaints and Internal Investigations Branch

Under a statutory two-tier complaint system, the Complaints Against Police Office (CAPO) handles complaints lodged by the public against Force members and collaborates with the Independent Police Complaints Council (IPCC) to discharge its statutory functions, so as to enhance the Force's service quality.

监警会代表于十月二十四日到访香港警察学院，了解最新警务培训课程和设施。

Representatives of the IPCC visited the Hong Kong Police College on October 24 to learn about the latest police training programmes and facilities.

投诉警察课在二零二五年接获2 010宗须汇报投诉，较二零二四年的1 856宗上升8%，当中约95%是性质轻微的投诉。年内，该课继续推出电子海报、预防投诉短片《包大人》及《CAPO快讯》、「一Click有投诉」线上问答游戏、《360环回警点》训练短片等项目，以提升人员预防投诉的意识。此外，投诉警察课以「透过简便方式解决」程序处理性质轻微的投诉，务求迅速、精准及有效地回应市民的不满及关注事项。

警队诚信管理委员会负责制定诚信管理政策，为主要的诚信管理事项提供策略性指引，并监督和评估警队采取四管齐下推动诚信管理策略的成效，即教育及培养诚信文化、管治及监察、惩治及阻吓，以及融入及支援。

内部调查课协助落实警队诚信管理策略，借此鼓励人员秉持正直和诚实的警队价值观，强调督导人员的监督责任和及时介入的重要性及必要性。

警队于十一月十二日在香港首次举办诚信管治圆桌会议，国际刑警组织、廉政公署及多国均有派代表出席，共同探讨诚信管治相关议题。与会者就多个议题进行深入交流，包括提升人员诚信意识及培养审慎理财思维的策略及措施、推行诚信管治的挑战等，以期携手推进诚信为本的警务发展。

诚信审核行动小组透过主动调查和及早识别风险的措施，加强警队的诚信管理。年内，行动小组继续推行验毒计划和个人财政状况筛查计划，以提升警队的诚信文化及确保人员操守良好。此外，二零二四年成立的支援小组致力维持无骚扰的职场工作环境。

In 2025, the CAPO received 2,010 reportable complaints, an increase of 8% from 1,856 cases in 2024. About 95% of the complaints were of a minor nature. During the year, the CAPO continued to undertake initiatives to raise officers' awareness of preventing complaints, including electronic posters, complaint prevention videos titled *Justice Bao* and *CAPO News*, the One Click No Complaint online quiz and *Studio ImmerXe 360* training videos. Moreover, the CAPO has adopted the informal resolution procedures to resolve complaints of a minor nature and respond to citizens' discontent and concerns in a swift, targeted and effective way.

The Force Committee on Integrity Management formulates integrity management (IM) policy, provides strategic directions on key IM issues, and monitors and evaluates the effectiveness of the Force's four-pronged strategy on IM, namely education and culture building, governance and control, enforcement and deterrence, and reintegration and support.

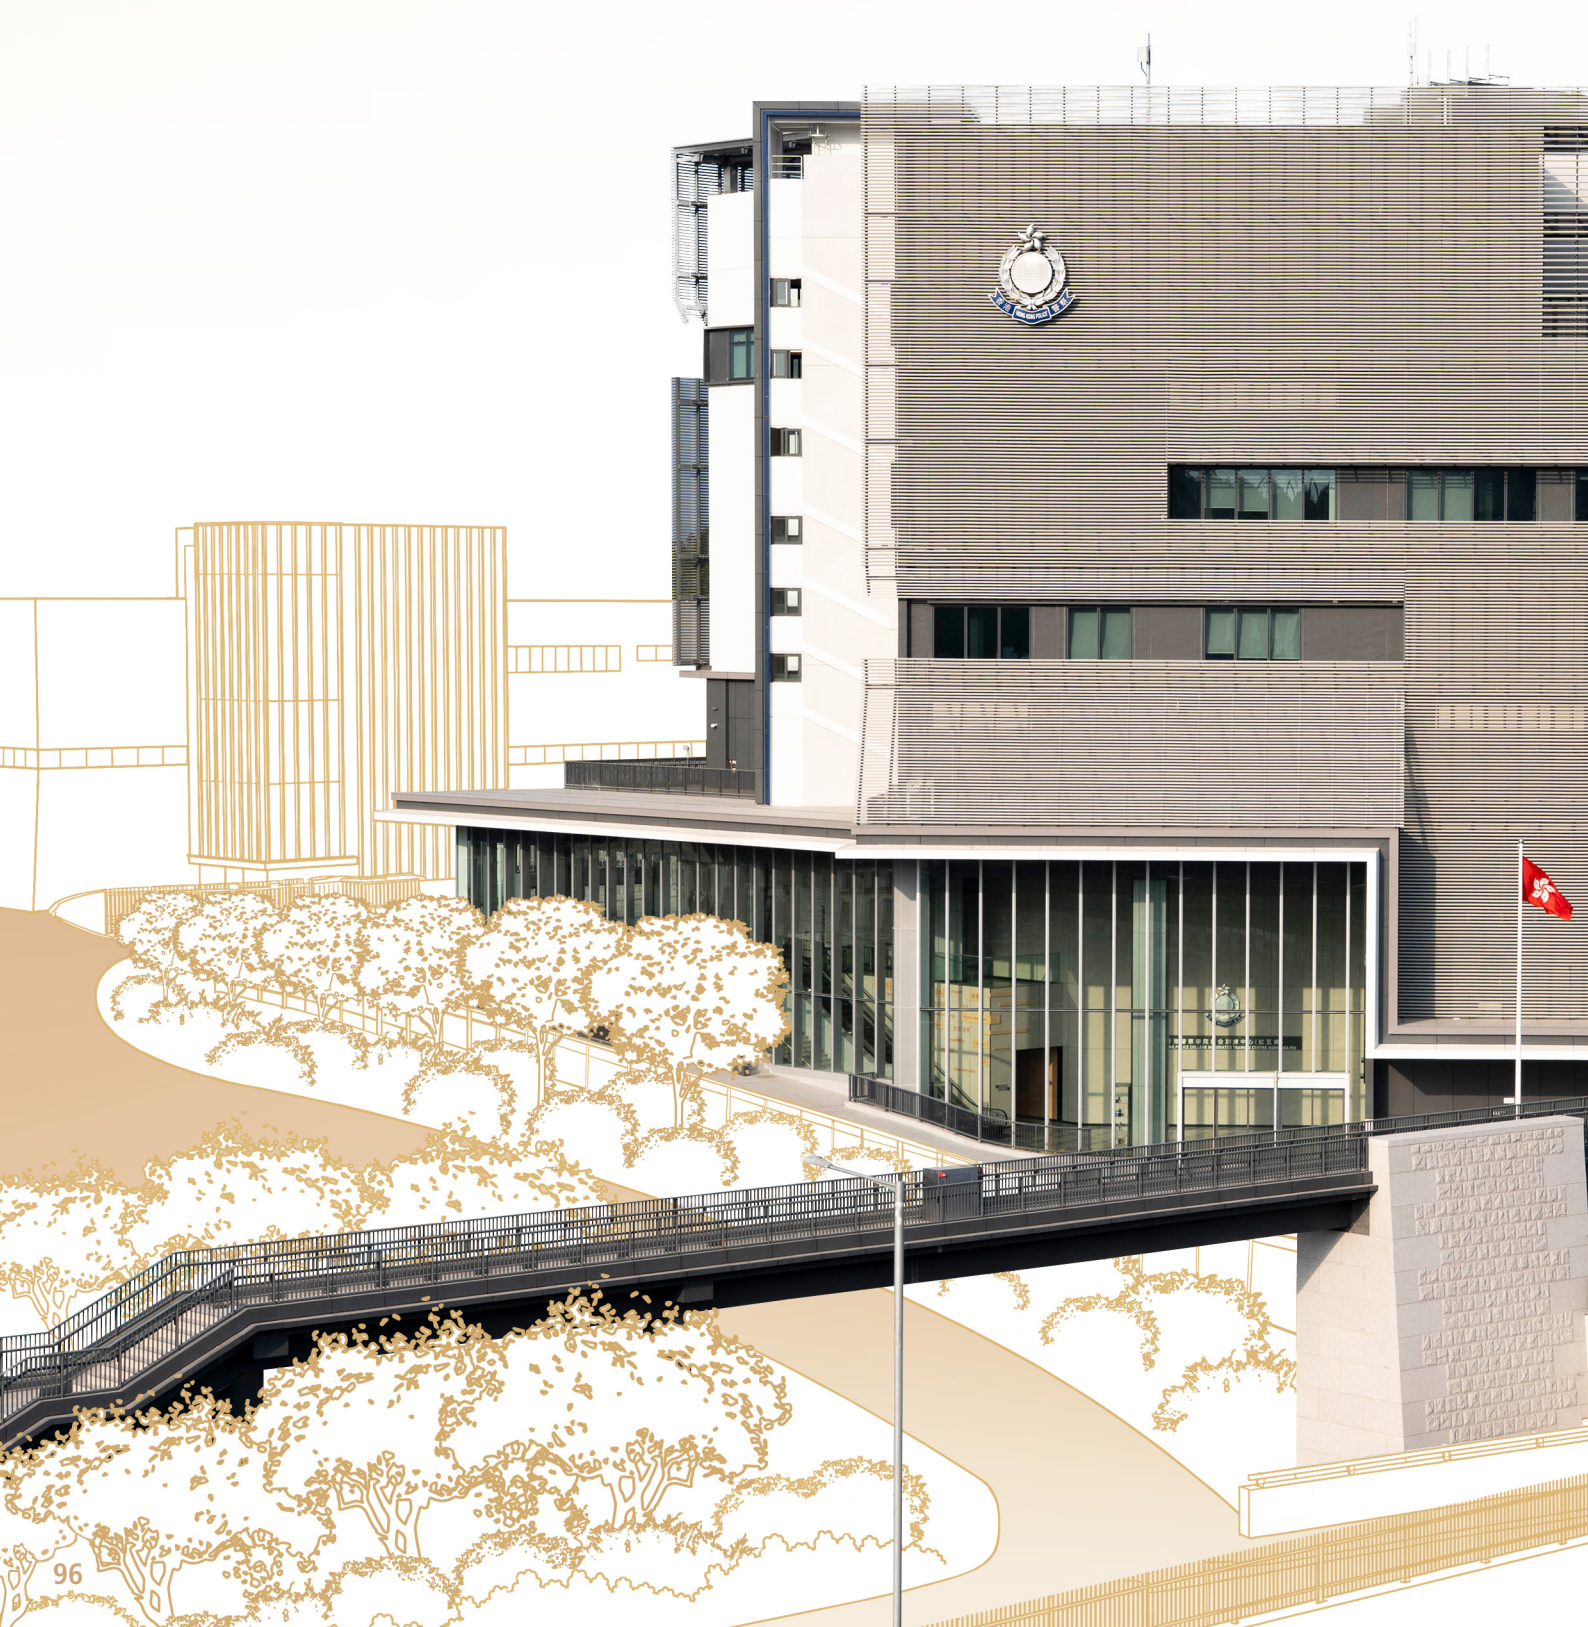

The Internal Investigations Office helps implement the Force Strategy on IM, which encourages officers to uphold the Force's values of integrity and honesty, and emphasises the supervisory responsibilities of supervisors as well as the significance and necessity of timely interventions.

On November 12, the Force held its inaugural Ethics Governance Roundtable in Hong Kong to explore issues related to ethics governance, with participation from INTERPOL, the Independent Commission Against Corruption and representatives from various countries. Participants engaged in thorough exchanges on various issues, including strategies and measures to enhance ethical awareness and foster a mindset of financial prudence among officers, and the challenges in pursuing ethics governance, with a view to promoting the development of ethical-based policing through collective commitment.

The Integrity Audit Action Group (IAAG) strengthens the Force's IM through proactive investigations and initiatives that enable early risk identification. To enhance the Force's integrity culture and ensure officers' good conduct, the IAAG continued to implement the Drug Test Scheme and the Financial Screening Scheme during the year. Additionally, a support group established in 2024 has been fostering a harassment-free workplace.

策划及发展部

年内，警队三项新的行动及训练设施工程已进入最后阶段，分别是香港警察学院综合训练中心（缸瓦甫）、位于柴湾政府综合大楼及车房的港岛总区车辆扣留及验车中心，以及香港国际机场赤蠟角行动基地，预计于二零二六年投入运作。位于新皇岗口岸联检大楼的行动设施亦如期推展，将于二零二六年启用。

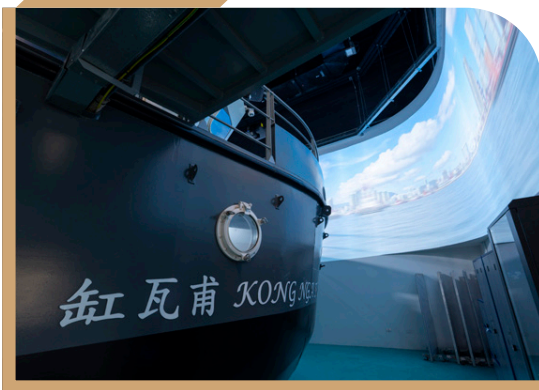

Planning and Development Branch

In 2025, three new operational and training construction projects of the Force have entered their final stages, namely the Hong Kong Police College Integrated Training Centre (Kong Nga Po), the Vehicle Detention and Examination Centre (Hong Kong Island) at the Chai Wan Government Complex and Vehicle Depot, and the Chek Lap Kok Operational Base at the Hong Kong International Airport, all of which are scheduled for commissioning in 2026. 环保报告

Environmental Report

警队致力保护环境和推动可持续发展，每项行动和服务均遵守环保法例和相关实务守则，以及良好的环保管理措施。警队全体人员积极减少浪费、防止污染。警队设立的环境管理督导委员会负责制定方针，并监督各项节约能源和环保管理措施的执行情况。

The Force is committed to environmental protection and sustainable development. All its operations and services comply with green legislation, environmental-friendly codes of practice and good environmental management measures. All Force members endeavour to minimise waste and prevent pollution. The Steering Committee on Green Management established by the Force provides direction and monitors the implementation of energy-saving and environmental management initiatives.

二零二五年的环保表现

绿色建筑

警队辖下处所已采用不同的可再生能源科技，包括在部分警署和建筑物的天台，以及露天停车场安装太阳能光伏板，例如东九龙总区总部大楼、香港辅助警察队总部、警官会所，以及芬园已婚初级警务人员宿舍。年内，毕拉山爆炸品处理课基地、机场警署和天水围警署亦装设了光伏板。警队会继续推展太阳能光伏系统安装计划至其他处所。

Environmental Performance in 2025

Green Buildings

The Force has adopted different renewable energy technologies across its premises, including the installation of solar photovoltaic (PV) panels on rooftops of some police stations and buildings, as well as in open-air car parks such as the Kowloon East (KE) Regional Headquarters Complex, Hong Kong Auxiliary Police Force Headquarters, Police Officers' Club (POC), and Fan Garden Junior Police Officers Married Quarters. During the year, PV panels were also installed at the base of the Explosive Ordnance Disposal Bureau at Mount Butler, Airport Police Station, and Tin Shui Wai Police Station. The Force will continue to expand solar PV system installation plans to other premises.

新设于爆炸品处理课基地、机场警署和天水围警署的太阳能光伏板。

The newly installed solar PV panels at the base of the Explosive Ordnance Disposal Bureau, Airport Police Station and Tin Shui Wai Police Station.

东九龙总区总部大楼、尖沙咀警署和油麻地警署现已使用太阳能热水系统把水预热，以节约能源。

警队亦在辖下处所引入合适的减废设施，例如在新落成的香港警察学院综合训练中心（缸瓦甫）的餐厅安装厨余机，透过生物降解过程将厨余转化为粉剂肥料。此外，训练中心的办公室、课室和训练场地亦已装设35部连接自来水管并具有过滤和消毒功能的饮水机，以减少饮用桶装水。

警队持续在辖下处所引入环保设施，务求减少能源消耗，例如将照明系统升级至发光二极管（LED）灯照明，并以高效能型号取代旧式制冷设备。此外，建筑物天台亦采用隔热物料，以降低表面温度，并减低空调系统的能源消耗，力求节约能源。

绿色运输

警队陆续以电动车取代传统车辆，并持续增加辖下处所的充电设施，例如安装中速及快速电动车充电设施，以应付日益增长的充电需求。警察总部大楼、东九龙总区总部大楼、柴湾已婚警察宿舍、香港仔警署、警察体育游乐会和警官会所均已安装各类充电设施。

此外，警队采取多项措施减少水警船队的温室气体排放，包括使用可生物降解的B5柴油，以及为新船只装设排放量管理系统。警轮窗户亦已安装紫外线隔热膜，以减少空调系统的能源消耗。

数码警政

为配合本港的智慧城市愿景及碳中和目标，警队推行多项数码措施，以提升服务效率和减低对环境的影响。

Solar water heating systems are in use in the KE Regional Headquarters Complex, Tsim Sha Tsui Police Station, and Yau Ma Tei Police Station to preheat water to conserve energy.

Appropriate waste reduction facilities have also been introduced in Force premises. A food composter installed in the canteen of the newly built Hong Kong Police College Integrated Training Centre (Kong Nga Po) converts food waste into powdered fertiliser through a natural biodegradation process. In addition, 35 water dispensers with filtering and sterilisation functions and connected to the water mains have been installed in the offices, classrooms and training areas of the Training Centre to reduce the consumption of bottled water.

The Force has constantly incorporated green features into its premises to reduce energy usage. Examples include upgrading lighting systems to light-emitting diodes (LEDs), and replacing ageing air-conditioning chillers with high-efficiency models. In addition, insulation materials have been applied to building rooftops to lower surface temperature and hence reduce energy consumption by air-conditioning systems.

Green Transport

The Force is progressively replacing conventional vehicles with electric ones, while steadily expanding the number and coverage of charging facilities at its premises. These include the installation of medium and quick electric vehicle chargers to meet the growing demand for charging. Charging facilities of various types are installed at the Police Headquarters Complex, KE Regional Headquarters Complex, Chai Wan Police Married Quarters, Aberdeen Police Station, Police Sports and Recreation Club, and POC.

Moreover, the Force has implemented a number of measures to reduce greenhouse gas emissions from the Marine Police's fleet, including the use of biodegradable B5 diesel and the installation of emissions management systems in new vessels. Ultraviolet (UV) heat-insulating window films are also applied to police launches to reduce energy consumption by the air-conditioning systems.

Digital Policing

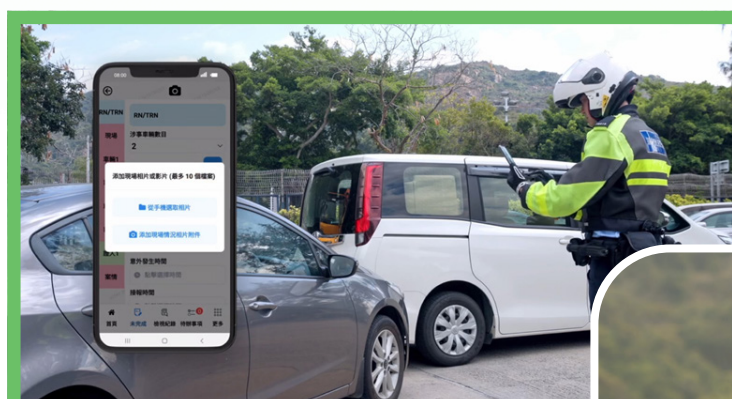

To align with Hong Kong's Smart City vision and carbon neutrality targets, the Force has implemented a number of digital initiatives that enhance service efficiency while reducing its environmental footprint.

例如，「电子交通告票平台」将资料收集程序数码化，透过短讯或电邮发出交通违例定额罚款通知书；「电子交通意外纪录」系统的流动應用程式和专属网站则让前线人员在意外现场以电子方式记录和处理交通意外报告。

For example, the eTraffic Ticket Platform digitalises the data collection procedure and issues Fixed Penalty Notices (FPNs) for traffic contraventions via SMS or email. The mobile application and thematic portal of the Electronic Traffic Accident Record (eTA) system enable frontline officers to record and process traffic accident reports electronically at the scene.

市民可透过「电子交通告票平台」在网上查阅定额罚款通知书和缴交罚款。Members of the public can view and verify the FPNs and settle their fines online through the eTraffic Ticket Platform.

「电子交通意外纪录」系统取代纸本处理程序，简化事故记录及调查流程。The eTA system replaces the paper-based handling procedure, and streamlines the incident recording and investigation process.

内部措施

警队鼓励辖下单位推行适当的环保措施，以减少能源消耗。照明系统方面的措施包括移除过量照明装置以减少用电；安装动态感应器和自动照明系统，以关掉无人使用的电灯；调整户外照明装置的运作时间以善用日照；以及由晚上十时或之前至翌日早上七时关掉用于装饰、宣传和广告的户外照明。

Housekeeping Measures

The Force encourages its formations to implement suitable green measures to reduce energy consumption. For lighting systems, these measures include removing excessive lights to reduce electricity use, installing motion sensors and automatic lighting systems to switch off unused lights, adjusting the operating hours of outdoor lighting to maximise the use of daylight, and switching off external lights for decorative, promotional, and advertising purposes at or before 10pm until 7am the following day.

其他节约能源措施包括设置独立监控的空调系统，以更有效调节室内温度；为办公室设备加装定时装置，以便在预设时间关掉设备；以及将气体热水炉调校至较低燃气水平。

此外，警队亦缩短升降机和扶手电梯在非繁忙时段的运作时间，并利用天台花园和防紫外线隔热窗膜降低室温。

其他内部措施包括张贴标语，鼓励员工使用楼梯代替升降机；在电灯开关掣、电器旁、茶水间和洗手间张贴告示和贴纸，提醒人员节约能源、节约用水和减少使用抹手纸。

节约用水

在节约用水方面，警队鼓励辖下单位采用较小的花洒头、在水龙头加装节流器和自动感应装置，以及采用双掣式冲厕水箱。警队亦鼓励各单位采用感应式尿厕冲水阀，并利用雨水收集系统灌溉植物。

减废回收

警队推行纸张回收计划，并鼓励辖下单位为厨余、铝罐、胶樽、玻璃樽、碳粉盒、经使用煮食油、光管、充电电池和电器实施同类回收安排。警队辖下处所设有回收桶，用以回收废纸、塑胶、金属和玻璃樽。

警队的员工餐厅和康乐场地均遵循有关管制即弃塑胶的法例，并配合优化塑胶购物袋收费计划，不再提供即弃胶餐具和相关塑胶产品。警队亦在公用地方张贴海报，鼓励员工使用可重用餐具和自备购物袋。

Other energy-saving measures include utilising independent air-conditioning control systems for more efficient regulation of indoor temperature, setting timers to switch off office equipment at scheduled times, and adjusting gas water heaters to lower flame levels.

In addition, the Force has shortened the operating hours of lifts and escalators during off-peak periods, and has utilised rooftop gardens and UV protection heat-insulating window films to lower room temperature.

Other housekeeping measures include displaying slogans to encourage staff to use the stairs instead of lifts, as well as putting up notices and stickers near light switches, electrical appliances, pantries, and toilets to remind officers to save energy, conserve water, and use fewer paper towels.

Water Conservation

For water conservation, the Force encourages its formations to deploy smaller showerheads, equip taps with flow controllers and automatic sensors, and adopt dual flush toilet cisterns. The Force also encourages the formations to deploy sensor-operated flush valves for urinals and to use rainwater harvesting systems for irrigation.

Waste Reduction and Recycling

The Force implements paper recycling programmes and encourages its formations to adopt similar recycling arrangements for food waste, aluminium cans, plastic bottles, glass bottles, toner cartridges, used cooking oil, fluorescent lamps, rechargeable batteries and electrical appliances. Recycling bins for waste paper, plastics, metals and glass bottles are provided at Force premises.

Both staff canteens and recreational venues comply with the regulations on disposable plastic and observe the enhanced Plastic Shopping Bag Charging Scheme. Disposable plastic tableware and related plastic products are no longer provided. Posters are also displayed in common areas to encourage staff to use reusable tableware and bring their own shopping bags.

警队陆续使用「零废物」数码资讯显示屏、LED电子墙或其他电子方式发布资讯，取代传统告示板。此外，警队广泛推动工作程序数码化和无纸会议，并鼓励市民透过警察公众网页 (www.police.gov.hk)，以及警队多个流动应用程序和各社交平台获取警队资讯。在二零二四／二五年度，警队共使用250 215令纸张。

警队亦定期举办员工活动，提供平台让员工交换书籍和电器等旧物。

警察趸船配备高标准的生化处理生活污水设施，以减少废水排放。

惜食运动

为响应环境保护署的《惜食约章》，警队建议餐厅营办商审视食物供应量和提供不同份量的食品选项，并鼓励员工审慎点餐，带走剩菜，以减少厨余。

室内空气质素

警队已参加室内空气质素检定计划，并取得卓越级／良好级检定证书。

环保采购

为支持政府的环保采购政策，警队购置各种环保产品，包括制服、办公室设备和文具。此外，新警用船只所配备的灭火筒亦符合政府环保产品参考清单的规定。

碳管理

年内，警队为69幢警察建筑物进行碳审核。结果显示，这些建筑物每平方米楼面面积的温室气体平均排放量为0.11公吨二氧化碳，较二零二四年下降8.2%。

The Force progressively deploys zero-waste digital signage boards, LED video walls or other electronic means to replace traditional notice boards for dissemination of information. In addition, efforts are widely made to advance the digitalisation of work processes and adoption of paperless meetings. Members of the public are also encouraged to view the Police Public Page at www.police.gov.hk and the Force's mobile applications and social media platforms for information about the Force. In 2024-25, the Force consumed 250,215 reams of paper.

The Force also regularly organises staff activities to provide a platform for exchanging used objects, such as books and electrical appliances.

Police barges are fitted with high-standard biochemical domestic sewage treatment facilities to minimise wastewater discharge.

Food Wise Campaign

To support the Environmental Protection Department's Food Wise Charter, canteen operators are advised to review their food supply quantities and offer different portion options. Staff members are also encouraged to order meals thoughtfully and take away leftovers so as to reduce food waste.

Indoor Air Quality (IAQ)

The Force has participated in the IAQ Certification Scheme and has achieved the Excellent/Good Class IAQ certification.

Green Procurement

In support of the Government's green procurement policy, the Force purchases various green products, including uniforms, office equipment and stationery. Fire extinguishers equipped in new police vessels also comply with the specifications set out in the Government's Reference List of Green Products.

Carbon Management

During the year, carbon audits of 69 police buildings were conducted. The results showed that the average greenhouse gas emissions from these buildings contained 0.11 tonnes of carbon dioxide per square metre of floor area, representing a 8.2% decrease as compared to the year 2024.

能源绩效

政府以二零一八／一九年度相若的运作环境为基准订下「绿色能源目标」以提升能源表现。这项目标适用于政府建筑物和基建设施，不但省电，也节约其他能源如煤气和石油气，同时顾及可再生能源对减碳的帮助。

截至二零二四／二五年度，警队能源表现提升4.3%，其中节约能源方面占4.2%，可再生能源方面占0.1%。

人员环保意识

环保管理概念已纳入员工培训课程和活动，并在简报会、会议和训练环节中加强推广。「环保纠察」亦向警队人员推广环保意识，定期发放办公室环保贴士。

参与有关机构的活动

警队除了继续与基督教励行会合办「捐衣助人运动」外，亦参与世界自然基金会举办的「地球一小时2025」熄灯活动。年内，警队从27个收集点收集所得的衣物和旧物合共超过141公吨。

未来工作

警队全力支持政府的环保政策和应对气候变化倡议，并会继续在日常运作中贯彻「物尽其用、废物利用、循环再用」的「三用」原则，采用具能源效益方案，密切监察节能措施的成效，并探索扩大和推广环保管理原则的方法。

请同时参阅警务处的《环境、社会及管治报告》。

Energy Performance

The Government has set a Green Energy Target with the aim of improving energy performance under comparable operating conditions in 2018-19 as the baseline. The target applies to government buildings and its infrastructural facilities. It aims to reduce electricity consumption and the use of other energy sources, such as town gas and liquefied petroleum gas, while also considering the contribution of renewable energy to carbon reduction.

As at 2024-25, the Force improved its energy performance by 4.3%, with 4.2% attributable to energy savings and 0.1% to the use of renewable energy.

Environmental Awareness of Staff

Green management concepts are incorporated into staff development programmes and activities, and are reinforced during briefings, meetings and training sessions. Green Wardens are assigned to promote environmental awareness among Force members and regularly disseminate green tips for offices.

Engagement with Stakeholders

The Force co-organised the Used Clothing Collection Campaign with Christian Action and participated in Earth Hour 2025, a lights-off event organised by the World Wide Fund for Nature. During the year, the Force received more than 141 tonnes of clothing and other used items from 27 collection points.

The Way Forward

The Force fully supports the Government's environmental protection policies and initiatives to combat climate change. It will continue to uphold the 3-R principles of 'Reduce, Reuse, and Recycle' in its daily operations, adopt energy-efficient measures, closely monitor the effectiveness of energy-saving measures, and explore ways of expanding and promoting green management principles.
